SUMMARY

An up-and-coming software developer, with excellent hands-on, and recent experience in Full Stack Development. Having switched career paths from Procurement & Buying, I leverage unique skills in client/customer communication, project delivery, and stakeholder management.

EXPERIENCE

Junior Software Engineer   2024-06 - Present
Henry Schein One • Remote, Gillingham
- Developed new features and maintain an Angular/Node/GraphQL/Typescript application with more than 3 million users as part of a team.
- Focused on creating unit tests on missing/older parts of the codebase to increase test coverage to over 80%.
- Worked collaboratively with teams, stakeholders, and clients to conceptualise and implement new features, developments and designs within strict timelines

Web Developer   2023-10 - 2024-01
Beachshore Design • Watford
- Delivered bespoke and tailored web solutions for customers by capturing requirements, assessing needs, specifications, and budgets, and translating into functioning and optimised web development.
- Collaborated with cross-functional teams to deliver features on time
- Secured 100% repeat business from all clients where applicable.

EDUCATION

Full Stack Web Development Bootcamp   2023-03 - 2023-07
University of Edinburgh • Remote
- Studied Full Stack Web development
- Languages - JavaScript, HTML, CSS
- Technologies - React, Next, Node, MongoDB

BEng Mechanical Engineering   2012-09 - 2015-07
University of Leicester • Leicester
- Studied Mechanics, Fluid & Thermo Dynamics and Computer Aided Design.

SKILLS

JavaScript • TypeScript • Node.js • GraphQL • MongoDB • PostgreSQL • CI/CD • Agile Methodologies • Angular

PROJECTS
